Official Statement from the Aldham Rally Chairman,

It is with regret to advise that the decision has been made to cancel the 2020 Aldham Old Time Rally due to take place on the 13th & 14th June in light of the current COVID-19 situation. The government are advising against public gatherings & advice from the NTET (National Traction Engine Trust) brings us to the difficult decision to cancel which we do not take lightly but the situation is beyond our control. However, with the government stating that no emergency workers will be attending large events means that our exhibitors, stall holders, catering outlets & all the staff would no longer be safe, it is in our best interest to cancel.

We would like to take the opportunity to thank everybody for their support over the past 42 years, because without you we wouldn't be able to have a show!

Please join us for next years rally which will be held on the 12th & 13th June 2021, in the meantime take care of yourselves and look out for each other.

Kind Regards,

Roger Attmere
Rally Chairman
